**We recommend that customers call us before visiting! Our inventory and pricing change periodically; we may also stock additional products not listed below.**

While we try to maintain an up-to-date price list, prices are subject to change without notice. Due to the individual nature of each board, please use this list as a guideline only. Lumber prices can also be influenced by the width of the board as well as any unique features of the board, such as a grain pattern, if it's a slab versus a board and so on.

Our panels is sold in an "as is" condition. While Parkerville strives to purchase material that is of the highest quality, some of our items may contain irregularities common to panels such as chips, blemishes, and so on.

The Connecticut State Sales tax is applied to all sales. Commercial customers reselling Parkerville goods or services must provide Parkerville with a valid Connecticut State Sales & Use Tax Resale Certificate.
